Product planning

October 14, 2026 at 2:30 PM · Duration: 0:48

Scope, responsibilities and next steps

A focused first release

Recording imports, saved speakers and PDF reports.

Agreed scope

Keep the first release focused

Prioritize recording imports, saved speakers and PDF reports for the first release.

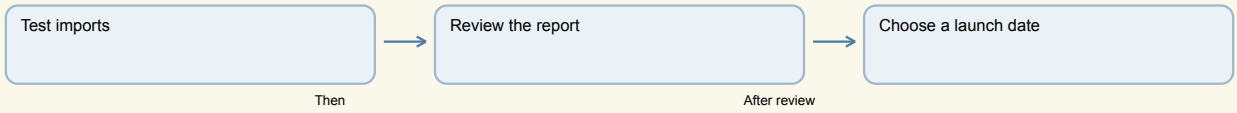

Next action

1. Send the test report

Alex Morgan will send the test report by Friday.

Friday

Before launch

Test imports

Test the import flow.

Review the report

Review the results together.

Choose a launch date

Make the decision after the review.

The team agreed to focus the first release on recording imports, saved speakers and PDF reports. The test report is due Friday; a launch date will be chosen after review.

Transcript

[00:01] Maya Chen:

Let's keep the first release focused on recording imports, saved speakers and PDF reports.

[00:17] Alex Morgan:

I'll send the test report by Friday. We should review the results before we set a launch date.

[00:31] Maya Chen:

Agreed. Test the import flow first, then review the report and decide when to launch.
